

## Annexure

Description *	
Multi Biometrics Time Attendance System with following specifications	
1)	Finger Capacity at least 200
2)	T9 Input, camera, 9 digit User ID
3)	ID Card Capacity 200.
4)	Record Memory 100000 Transactions.
5)	Capable for push data
6)	Built in Battery Back-Up
7)	TFT Screen Display
8)	TCP/IP/USB-Host                      Communication capability.
9)	Optional Wi-Fi Capability
10)	Access control Interface Built In
11)	Sensor, Exit Button and Alarm
12)	Software capacity: Smart Office Suit and Web, smart office 365 cloud, SDK for Desk top Applications.
13)	Multi-Biometric Fast Verification
14)	Touch Key pad
15)	Infra red Auto Turning on feature
16)	Built in Battery, Multi Verify Mode, External Bell
17)	Quick Recognition of Dry, Wet and rough Finger
18)	Multi Language support
19)	Network Central Controls and Access of Multiple Machines should Possible Centrally on Network.
20)	Work code, SMS DST schedule, Automatic status switch Photo ID
