Sub: Regarding the corrections to be made on online portal of SVNIT achievements section

Dear Sir,

Recently, Dr. H. B. Mehta, Associate Professor from Mechanical Dept. and his Ph.D. student Nirav Patel (DS15ME002) have got the acceptance of their registered design patent. This achievement is uploaded on the online portal of SVNIT achievements section as "Congratulation to Dr. H. B. Mehta, Assi.Prof., Mechanical Engineering Department for the patent filed on "Stacked Minichannel Heatsink" is accepted and registered as Patent by Government of India. This patent was filed under the sponsored research project (Core Research) of SERB, DST on variable channel width of DL-MCHS. The project sanctioned budget is Rs. 24.5 lakh."

However, some corrections are required to be made for that online portal as follows:

- The affiliation of Dr. H. B. Mehta is required to be changed to Associate Professor from Asst. Professor.
- The addition of Ph.D. student's name as "Niravkumar Mukundbhai Patel (DS15ME002)" should be made being a joint patent holder.
- The patent registration no. "303545" should be added.

It should be corrected as "Congratulation to Dr. H. B. Mehta, Associate Prof., Mechanical Engineering Dept. and Mr. Niravkumar Mukundbhai Patel (DS15ME002), Ph.D. Research Scholar, Mechanical Engineering Dept. for a patent filed on "Stacked Minichannel Heat Sink" with Application No.303545" is accepted and registered as Patent by Government of India. This patent was filed under the sponsored research project (Core Research) of SERB, DST on variable channel width DL-MCHS. The project sanctioned budget is Rs. 24.5 lakh."

Thanking you.
