About the Institute:

Sardar Vallabhbhai National Institute of Technology (SVNIT) Surat is one of the twenty National Institutes of Technology in India set up with the objective to provide high quality technical education to meet the needs of the Nation in the present competitive world. SVNIT is situated on Athwa-Dumas Road, Surat. The campus is opposite to the Ichchhanath Temple, Piplod. The campus is spread over 250 hectares of lush green forest, which is midway between the Surat Domestic Airport and Surat Railway station, and is well connected by city buses and local trains. The campus is around 10 km from the Surat Railway station.

About Department:

Established in 1961, the department of Mechanical Engineering at SVNIT offers Under Graduate course in Mechanical Engineering and Post Graduate programs in Turbo-machines, CAD-CAM, Mechanical Engineering, Thermal System Design and Manufacturing Engineering. The department also offers Ph.D. programs to promote basic research activities in the abovementioned areas. The consulting services in diverse fields of Mechanical Engineering are carried out for local government, semi-government, non- government organizations, private firms etc. in the region with the support of well-equipped laboratories and advanced computing facilities.

Introduction:

One week short term training program “**2nd Basics of Tribology and Its Industrial Engineering Applications (BTIEA - 2020)**” is scheduled to be held during March, 16 - 20, 2020. The aim of the program is to provide a platform in which participants get knowledge about the basics of Tribology & its industrial applications. It will help to bridge the gap between theory and its real application in industry.

Objectives:

The objective of this program is to train the faculty members, research scholars, young scientists, and post graduates students of various organizations. The objectives of workshop is to provide a platform for interaction and exchange of ideas in the field of Tribology and its industrial applications from national academic institutes, research laboratories, and relevant industries like FAG India Baroda, ABC Bharuch etc. This workshop involves invited lectures by distinguished experts from NIT's, IIT's, IISC, MMMUT, Gorakhpur and reputed industries in the field of Industrial Tribology and maintenance, condition monitoring and its Applications.

Topics to be covered:

- Fundamentals of Tribology
- Tribological Studies in Automobiles
- Theories on Friction and Wear
- Bearing Tribology
- Bearing Failure Analysis
- Materials for Tribology Applications
- Design of Tribological Elements
- Engine Tribology
- Condition monitoring, Diagnosis & Maintenance
- Lubricants - MR Fluid and its Applications
- Measurement Techniques of Tribology
- Bio Tribology
- Industrial Case Studies

IMPORTANT DATES
