Organized by

Department of Mathematics  
S. V. National Institute of Technology  
Surat , Gujarat, India

**ABOUT THE CONCLAVE:**

This industrial conclave aims to connect industry and academia to exchange their problems and solutions through Mathematics. Moreover, we will inspire and encourage young minds towards research and innovation. The Department of Mathematics is organizing the Industrial conclave in SVNIT, Surat, and our target is to connect mathematicians with the requirements of today's industries.

Participants can also interact with industry personnel during the interactive session. Several multinational companies will be gathering to discuss this industrial issue.
