

Sardar Vallabhbhai
National Institute of Technology
Surat

ALTRUISM पारार्थ्य

Towards Dawning of
BRIGHT FUTURE

VISION

Sardar Vallabhbhai National Institute of Technology (SVNIT), Surat, perceives to be a globally accepted centre of excellence in technical education catalyzing absorption, innovation, diffusion and transfer of high technologies resulting in enhanced quality for all the stakeholders.

MISSION

The mission of the Sardar Vallabhbhai National Institute of Technology (SVNIT), Surat is to be a leading technical Institute not only at national level but also at International level for imparting training to manpower as per the needs of technology. It is also envisaged to provide the necessary infrastructure to take up research work and to provide the mechanism to interact with industries effectively.

LEGACY OF SVNIT

Our commitment extends beyond engineering excellence. SVNIT actively supports financially disadvantaged students, whose parents earn less than one lakh rupees annually and struggle to afford tuition or hostel fees. Additionally, the institute prioritizes the development of modern infrastructure, providing a conducive environment, top-notch facilities, and promoting sports, cultural activities, and the holistic growth of future generations. Achieving these goals requires resource generation independently, as the Government of India does not provide separate funds. In the near future, all institutes will need to be entirely self-sustaining. The SVNIT Alumni Association, registered as a charity trust, plays a crucial role in supporting these initiatives.

Our alumni are a cornerstone of our institution. Over the years, they have backed numerous projects and initiatives that have made significant positive impacts. These achievements are showcased in our brochure. SVNIT's placement record stands strong, offering excellent job opportunities to graduates. Alumni contributions include expert talks, academic activities, and the introduction of new courses aligned with industry demands, thereby enhancing placement outcomes. Our alumni have distinguished themselves not only in India but also internationally.

All recognize the profound impact SVNIT, Surat has had on lives and careers of its alumni. Now, you have the opportunity to give back to your alma mater. Donations will be directed towards various noble causes, including financial support for underprivileged students, laboratory modernization, infrastructure development, alumni activities, and many other initiatives that reflect your commitment and shared passion for SVNIT. We encourage you to inspire others to contribute as well.

No contribution is too small. Your small contribution can make a big change
