

SARDAR VALLABHBHAI NATIONAL INSTITUTE OF TECHNOLOGY

DEPARTMENT OF CHEMISTRY

## VYAKHYAN

Under VYAKHYAN the first talk was organized by the Department of Chemistry on 21<sup>st</sup> August, 2024 at SVPB Guest House Lecture Hall No 1 between 04:00 to 06:00 pm. **Mr. Chintan Bhatt**, General Manager-EHS of Unique Chemicals (A Div of J.B. Chemicals & Pharmaceuticals Ltd), Panoli speaks on the topic of “*ESG (Environmental, Social, and Governance) and GHG (Greenhouse Gas) Accounting*”. ESG and GHG both are critical aspects of modern business practices, especially in the context of sustainability and corporate responsibility. Both ESG and GHG accounting are becoming essential for companies aiming to demonstrate transparency, mitigate risks, and meet the growing demands of stakeholders concerned with sustainability and climate change. More than 100 students and faculty members of the department participated in the lecture and their doubts were satisfactorily cleared by Mr. Chintan Bhatt.

Overall the Lecture was very informative and need of hour. CDC coordinator of the Department of Chemistry, **Dr Naved Malek** and Head of the Department **Prof. Bharat Dholakiya** assured that under the leadership of the institute **Prof. Anupam Shukla** department has planned many such lectures under VYAKHYAN from various eminent personalities from Industries across India and Abroad.
